AGUA CALIENTE RESORT SPA NOV 2008 E-NEWSLETTER

Aqua Caliente features two innovative glass products in large scale format. Crystal Series in Bent Tempered glass and Freeform Series Willow pattern, are produced in panel sizes up to 7'0 x 11'0. Each glass installation is overwhelming, attractive, and instantly becomes a focal point for the viewing and dining public. As our cast glass and Freeform Series products are virtually maintenance free and do not diminish or age, these panels will continue to look new and vibrant for decades.
