TORQUES

# PRODUCT INFORMATION

## TORQUES: VIP DECORATIVE GLASS

Torques Architectural Cast Glass, part of Nathan Allan's exclusive Freeform Series, is exciting, new, and the first "texture less" kiln formed glass in our industry. Inspired by nature, the 3D convex shapes of each Torques create distortion opacity. This feature provides privacy while demonstrating an incredibly beautiful Architectural Glass finish. Watch as beauty and elegance come together. Capture the magic, the movement, and the animation of glass with our fluid, organic Torques shapes.

---

# PROJECT DETAILS

## CACHE CREEK CASINO RESORT, CA

In the VIP Reception Area of Cache Creek Casino, members are welcomed by an extravagant decorative glass partition created by Nathan Allan Glass Studios. Working with an elaborate design theme set out by Denean Scott of ID3 Studios, we produced our exclusive Torques Freeform Series panels to create a rich environment which matches all of the décor elements. Witness how texture and light work together to construct a remarkable environment.
