

GROOVES TEXTURED GLASS

PRODUCT INFORMATION

Grooves Textured Glass. As the name of this texture invokes, Grooves textured glass brings to mind images of a cool brook or stream. Winding, loose and creative, the pattern incorporates deep runnels of rippling water, bouncing over hidden rock formations in the stream. The flowing nature of our Grooves textured glass allows for continuous design, from panel to panel, in multiple textured glass panel installations. Available in any thickness required, clear or low iron glass, and in panel sizes up to 5'0 x 10'0.

Applications: Balustrade, Cladding, Dividers, Doors, Feature Walls, Glass Countertops, Lighting, Partitions, Windows
