GROOVES

PRODUCT INFORMATION

Grooves Architectural Cast Glass, part of Nathan Allan's exclusive Free-form Series, is exciting, new, and the first "texture less" kiln formed glass in our industry. Inspired by our Channel Fluted glass, Ripple is designed with sweeping shapely flutes, to create an architectural glass with movement. This design feature provides privacy while demonstrating an incredibly beautiful Architectural Glass finish. Watch as beauty and elegance come together. Capture the movement and animation of glass with our fluid, organic Grooves shapes.

Application: Balustrade, Cladding, Dividers, Doors, Partitions, Doors, Façade, Feature Walls, Windows
