

BOTTLE BASE

PRODUCT INFORMATION

Bottle Base textured glass simulates the old style, antique glass which was produced over 70 years ago. Often referred to as coke bottle glass, this retro glass design is creeping back into today's modern A&D projects. The Bottle Base texture is formed into our flat glass panels with a 3-Dimensional effect, creating an authentic and realistic impression. Even with this deep pattern, the glass can be fully tempered to meet safety code requirements. Bottle Base textured glass is produced in our Crystal Clear low iron glass, or in our Clear glass, which simulates the old style Soda Lime glass with it's natural green tone. The intriguing pattern works well in wall or room dividers, and partitions.
